✓

Accurate command of theory / principles relevant to topic

✓

Original / creative ideas relevant to topic

✓

Strong synthesis / application appropriate methods

✓

Critical evaluation

✓

Appropriate references identified

✓

Comments

5. Areas of strength:

- experiential learning good material

- practical focus

- finding references directly looking at
- finding differences among learners ?!

6. Suggestions to consider:

focus to keep on differences
between learners - start at
different points ?; access less this
influence design of curricula

Name of Assessor (optional):

Allen

very good are to publish/ share
paper etc
